

House of Commons
Chambre des communes

À Son Excellence la très honorable Michaëlle Jean, Gouverneure générale du Canada.

Nous, les soussignés députés formant la majorité de la Chambre des communes, vous informons respectueusement que nous voterions en faveur de la motion suivante proposée par l'Opposition officielle et qui se lit comme suit:

Que, devant l'échec des conservateurs de reconnaître la gravité de la situation économique et notamment l'échec de présenter un plan crédible pour stimuler l'économie canadienne et aider les travailleurs et les entreprises des secteurs les plus durement touchés comme ceux de la fabrication, de l'automobile et des forêts, la Chambre a perdu confiance dans le gouvernement et est d'avis qu'un nouveau gouvernement viable peut être formé au sein de la Chambre des communes actuelle.

To Her Excellency the Right Honourable Michaëlle Jean, Governor General of Canada.

We, the majority of the members of Canada's House of Commons, humbly inform you that we would vote in favour of the motion proposed by the Official Opposition and that reads as follows:

That, in light of the Conservatives' failure to recognize the seriousness of Canada's economic situation, and their failure in particular to present any credible plan to stimulate the Canadian economy and to help workers and businesses in hard-pressed sectors such as manufacturing, the automotive industry and forestry, this House has lost confidence in this government, and is of the opinion that a viable alternative government can be formed within the present House of Commons.
