Chris.... Blair aint the guy about this..... sorry about that..... it's me..... I need to know how much this is costing... have to check it against the budget..... need proofs, then get in for the final Okay by the Official agent. (even if Blair does offer to pay for it himself..... or even if each of you are paying for it. .

In terms of legalities: any advertising (which business cards are) for a campaign (which those are) have to be accounted for.... no matter who pays for them... it all comes off of our allowable ceiling cap given to us by Elections Canada.... and right now we're nearly at the top as it is, with all of the offices, phones, signs advertising.... etc.). and all of these expenses have to be okayed first by campaign manager, and he wont pay for anything unless I've okayed it first.

ok?

so get the proofs sent with how much it costs..... and then I get it to Wayne Rowe.

Blair: with your permission,

Could I request some for Ambreen Sharif as well?

She will be Deputy Communications for the campaign and overseeing a lot of the outgoing delivery of pressers and and proofing. She will also be handling the research for speeches, and John Weston as well.

Let me know if this can be budgeted. It would make her day, as she is a very capable volunteer on my payroll.

Quote for brochures from DPI. *** by the way, these had the "bobsled - Olympic ring" photos on the back.
The brochures were never reprinted (as stated by the phantom "campaign manager") to remove the bobsled photo..... Blair and Guillio actually had more printed of the same..... And these were given out door to door (after the newspaper article) and then mail dropped to entire riding a couple of days before the election.

Hi David!

Thank you for the quote.

I have just spent some more time with the candidate and I think we are very close to finalizing it then delivering it to you.

I will likely hand deliver a disk.

Patrick

Subject: Brochure Pricing

Hi Patrick

The price for 60,000 brochures is \$6,850, this price does not include delivery if

you needed me to courier them somewhere once completed, I wasn't sure if you

were going to pick them up yourself. You had mentioned on Friday to my coworker

that you were going to send the files you had for us to have a look at, just

following up on that since we have not received any files yet.

thx

David

**Working hard
for your future**

West Vancouver - Sunshine Coast
Sea-to-Sky Country

“My personal commitment to you is to be accessible, to listen and to act swiftly on your concerns.”

Blair Wilson

will work to reduce taxes, debt and health-care wait times; strengthen our ports, tourism, film, and high tech industries; prepare for the Olympics; balance the budget; fund childcare, seniors and the needs of the homeless; improve the immigration system and foreign credential recognition; and create mandatory sentences for serious crimes.

Blair Wilson believes it is important for you to have a Government M.P. who is willing to work for everyone living in this riding.

Involvement in the Community

*“I believe public service is part of good citizenship. I have been involved in a wide range of civic activities, including **Charing the 2010 Rally on Robson** in support of Vancouver’s*

Olympic bid as well as assisted in many charitable organizations such as Amnesty International, Tsunami Victims Relief Fund, North Shore Family Services and the Coho Society.”

Environment and Sustainability

*“Travelling throughout our vast constituency, I am always struck by the importance of protecting our beautiful and unique environment. As your Member of Parliament, I will be a **strong environmental advocate**. I will support the **1997 Kyoto Protocol** which establishes concrete quantifiable limitation and reduction commitments for six greenhouse gases.”*

Seniors

“From Powell River to West Vancouver and Whistler, I recognize the enormous debt we owe to our seniors. To address their evolving needs, a new Liberal government will continue to make significant investments across the full range of seniors’ programs – from health care to income security, from retirement savings to assistance for their caregivers. The goal is to enhance the quality of life for all seniors.”

A Balanced Approach

“I believe fiscal responsibility and progressive social policies are critical to Canada’s future growth and prosperity. I believe in the budget surplus formula of one third for tax reduction, one third for debt pay down, and one third for new social expenditures.”

New Deal for Communities

“I will ensure our communities have predictable long-term funding to invest in better roads, clean water, clean air, public transit, green spaces and affordable housing.”

Supporter of Youth and Athletics

“I am a two-time Canadian Ironman finisher and marathoner, Little League coach, a strong supporter of youth and adult sports programs such as the new Gibsons Area Community Centre and the new Sechelt and Area Aquatic Centre.”

Committed to Our Riding

“My personal commitment to you is to be accessible, to listen and to act swiftly on your concerns. North and West Vancouver, Powell River, Pender Harbour, Sechelt, Gibsons, Bowen Island, Texada Island, Squamish, Lions Bay, Whistler, can all expect to have a strong M.P. fighting for their interests.”

Business cards.

DPI is a printing business in Vancouver, who printed all Blair's brochures and business cards.

Christopher Bennett, Joanne Strongman, and a host of others were ordering their own campaign business cards behind my back.

Refer back to Financial Report..... DPD isn't even mentioned anywhere on the report for either printing the brochures or any business cards.

Wayne,

I had called DPI and talked to Javier and asked that all proofs be sent to me first for ok for content and then on to you for financial ok. This was last week I called... I also informed this "Joanne" and Christopher Bennett the same format at least three times by email...

So, either Blair had called to override this a week ago..... or Joanne has been given some sort of authority to charge things up for Blair's new team. This started well before two nights ago when I was informed he was taking over all the financial affairs of the campaign....

I dont think Joanne knows that blair@voteblair, comes to me.

*** by the way, I had an early morning quick call from the Party Central guy, who Guillio and

Blair professes to be the big boss who tells Guillio what to do. Bruce asked me how things are going... and I gave him a "Sunshine Coast Report".... (a quick one).... he then said, "actually I'm calling to find out if Blair's trying to run his own campaign.... and if he thinks he is, he better not be."

He then said "I'll be in touch"

Soooo. I'm going to continue to get dressed and out the door... to the office, I suppose. I'm on my cell, should you need me. Plus the phones are working at the office.

You let me know if you need the phone number of the "big guy" who called this morning.

Hey Jo,

Hope your trip is going well.

8/31/2006

Can you confirm the cards are done, and can you tell me who to call, and where to pick them up?
Need them by tomorrow sometime, as Thursday is the press junket.
